STAR SM-L300

Uniquely, the most Well-Connected Mobile Printer on the Market!

Star is introducing yet another unique mobile printer for POS and logistics applications. The easy-to-use SM-L300 with OLED display uniquely features Bluetooth 4 (BLE) connectivity as well as Classic Bluetooth allowing it to connect with multiple Apple iOS devices. This 80mm / 3 inch printer is just as useful printing in-store / in-field receipts / visit reports as well as variable width traditional & liner-free re-stick labels from 40 to 80mm wide. It also features reflective (black mark), transmissive and paper end sensors.

Designed to work just as happily from a person's belt with a 41 hour battery life or using the in-vehicle mount option as well as the 5V counter top cradle charger, this versatile printer ticks all the mobility boxes and can even be charged using a micro USB cable. Star's WebPRNT Browser, simplifying direct printing from the web along with Star's PassPRNT print data relaying application provides software support to match this sophisticated mobile printer for easy integration.

- **3"/80mm mobile printer**
- **Traditional 40-80mm Label support with Black Mark & transmissive sensors**
- **MAXStick™ ReStick style, liner-free label support**
- **65 mm/second print speed**
- **Unprecedented 41 hour battery life!**
- **Classic Bluetooth & Bluetooth 4.0**
  Simple, no pin required auto connection with Bluetooth 4.0 devices. Bluetooth 4.0 also allows the use of multiple iOS tablets as opposed to the traditional one-to-one
- **High contrast OLED Display for improved visibility of printer status in store**
- **Unique "flat", decurl receipt feature**
- **Unique micro USB charging 5V desktop cradle charger**

Linux iOS Windows 10
