ECD Slide Out Models

Slide Out Models

ECD Slide Out Cash Drawers are available in nine different models, that vary in size, colours and insert configurations.

Steel Construction

Featuring steel construction with either smooth ball-bearing roller wheels or runners, ensuring 500,000 plus transactions.

Insert Configurations

The slide out Soma™ cash drawers accommodate various configurations, from 4/5/6 or 8 bank notes and 8 coins, to support the vast majority of worldwide currencies.

Additional Storage

Model dependent, the Soma™ slide out cash drawers offer up to two media slots on the front of the drawer to enable the storing of large banknote denominations, receipts, vouchers or cheques securely under the insert.

ECD Note Stores Models

Note Store Models

Highly secure, apg's Note Stores help to reduce the risk of theft. Transfer high banknote denominations or large quantities of notes from the cash drawer to a note store, which is usually secured under a work counter or till.

Featuring two different models, the ECD 102 and the ECD120T, both are constructed from solid sheet steel, providing storage for approximately 350 banknotes.

ECD102

The ECD102 uses a cassette mechanism; the note store works by sealing away notes into a separate compartment.

ECD120T

The ECD120T offers an additional layer of security. With the banknotes only accessible when two different keys are used together.

ECD102

ECD120T
