

SM-L300

The Cost-Effective and Compact Three-Inch, Bluetooth Low Energy Portable Printer

Always leading and always innovating, Star Micronics is proud to offer the SM-L300, three-inch portable printer. This addition to the SM-L series of Bluetooth Low Energy portable printers allows users to connect to any Apple iOS BLE-compatible device without having to pair to it. With no limitation on the number of devices connected, BLE is the perfect solution for any environment using multiple devices for mPOS printing. In addition, it requires no certification or prior authorization from your iOS application. The SM-L300 is Bluetooth (3.0/4.0) compatible with all operating systems including Windows, Android, and iOS.

The mobile printer's BLE technology results in lower power consumption, and be conveniently charged anytime, anywhere, using included USB charging cable or optional cradle charger. With no need for MFi application, and its multi-paper width feature, the SM-L300 makes the perfect printer for any mPOS environment. The SM-L300's Print Flat Technology and "Drop-In & Print" paper loading make it even simpler to operate for retail or restaurant mobile point of sale.

In addition to point of sale, the SM-L300 can second as a fully integrated label printer for delivery or warehouse applications. The SM-L300 supports thermal receipt paper and lined or linerless label paper, making it the perfect portable printer for on-the-road or mobile receipt or label printing.

Features:

- 3-Inch Portable Receipt and Label Printer
- Compact and Cost-Effective
- Bluetooth 3.0/4.0 (Bluetooth Low Energy) Technology
- Optional Cradle Charger
