

Innovative Technology for Customer Interaction

Star's AsuraCPRNT is a powerful, feature rich interactive communication platform with an integrated high-speed printer. At its heart is a reliable ARM processor that manages a seven-inch touch screen and a three-inch printer. The AsuraCPRNT is available with optional integrated MSR, 2D imager modules. The AsuraCPRNT's computing power offers the capability to display and deliver audiovisual messages on its own screen as well as on external signage. The AsuraCPRNT also has the ability to drive content to digital devices such as smart phones, merchant tablets and digital signage. The AsuraCPRNT has been optimized to support connection of external peripherals such as a biometric scanner, WiFi/3G/4G dongle, camera and many others.
