SOLDI SMART
BANKNOTE DETECTOR

ratiotec®
get connected

A compact solution ideal for the POS – the automatic banknote detector Soldi Smart. The LED symbol and the acoustical alarm provide a clear result in less than one second. No manual testing required, no extra features, no staff training required!

- Currencies: EUR | others optional
- Counterfeit detection: IR | MG | MT | SD
- Reliable counterfeit detection
- Result in less than a second
- Clear result via LED symbols and acoustic warning signal
- Suspicious banknotes are ejected at the rear
- Since there is only the on and off button and no user menu with additional functions, the device cannot accidentally be adjusted
- Particularly durable due to high quality and excellent workmanship
- Operation via mains cable or rechargeable battery (optionally available)
- Easy to open and easy to clean
