

ICT 3K7

ICT 3K is the sturdiest and most compact motorized hybrid reader available on the market today. It is highly performing and reliable, with really small dimensions. Complete with anti-vandal and anti-pollution steel full shutter with mechanical switch for recognizing the card width. ICT 3K automatically releases the card in the event of a voltage drop. RS232 and USB interfaces available. Optional SAM module onboard (expandable to 4 external SAM modules). ICT 3K is the ideal solution for internet kiosks, payment systems and self service applications.
