Tough and compact

Superior printing performance in high demand kiosk applications

Robust printing

Combining unrivalled durability and superior performance at temperatures of between -15 to +65 °C, the vandal proof PMU3300 ensures high quality and reliability – making it ideal for high demand kiosk applications in even the most demanding environments.

Vandal proof

The PMU3300 is specially designed to be vandal proof. This reduces the risk of equipment damage to ensure ultimate reliability, optimise performance and safeguard the quality of print outs.
