

Comparing DL240/DL241 vs. ZD220d

The 4-inch DL Series desktop barcode printers deliver optimal performance, for effortless, rapid printing with ease. It offers plug-and-play functionality with its printer language emulation. Toolless thermal printhead (TPH) replacement simplifies maintenance. With the media window design, operators can easily check supplies' stock status. Clear print quality, enhanced durability and support for multiple media types make the DL Series a perfect fit for your daily operations.

Model	TSC AUTO ID DL240/DL241	Z BRAND ZD220d

Standard SDRAM/ FLASH	DL240: 64 MB / 16 MB DL241: 64 MB / 128 MB	128 MB / 128 MB
Internal Ethernet	DL240: N/A DL241: Included	N/A
USB	USB 2.0	USB 2.0
Bluetooth	Option (For Taiwan only)	N/A
Option	N/A	Peeler
Warranty	2 Years	2 Year

DL240/DL241

Seamless Integration, Effortless Deployment

- Auto-switch printer language emulation
- Supports multiple media types

Easy Management

- Real-time remote printer monitoring and management with TSC Console
- Downtime prevention with self-diagnostic TPH Care
- Toolless removal and replacement of the TPH (thermal printhead) for easy maintenance
- Media window design so operators can easily check supply stock status

Environmentally Sustainable

- 100% recyclable packaging
