

PRINTRONIX PRINTCART

The Printronix PrintCart is the best-in-class mobile workstation for demanding wireless printing and business applications. The innovative self-defending controller automatically balances business needs with optimal power system performance. There are no controls to operate. On connection to line power the cart automatically switches equipment to AC power while simultaneously charging the battery.

The PrintCart offers maximum readiness with a power system that is replaceable in less than 10 minutes and off-the-shelf power cords that are user replaceable in under a minute without tools.

KEY FEATURES

- Power a printer and terminal for up to 20 hours (12 hours under heavy use)
- Fully recharge in about 4 hours
